FLATBACK PAPER CARTON SEALING TAPE

Flatback Paper Tape's hot melt adhesion provides strength for packaging, bundling, general utility taping and tabbing applications. Can be used to conceal sensitive material or identification on mismarked packages. It is highly moisture-proof with good durability over a wide temperature range. Dispensers are unnecessary because it is easily hand-tearable. Meets PPP-T-42 Type II and A-A-883B specifications.

BENEFITS

- >> HAND-TEARABLE
- >> NON-SLIP WRITABLE RELEASE
- >> EXCELLENT HOLDING POWER
- >> HIGHLY MOISTURE-PROOF
- >> WIDE TEMPERATURE RANGE
