

DUCT TAPE 3701

GENERAL PURPOSE

STA™'s 3701 Duct Tape is designed with high-tack adhesive on a strong and flexible backing. It allows for a wide array of general purpose applications, including temporary holding and bonding, bundling, patching, splicing, mending, repairing, and closing and reinforcing packages.

- Strong holding power
- Tears easily and cleanly by hand
- Conformable to different shapes, irregular and flat surfaces
- Abrasion and water resistant
- Smooth and consistent unwind
